

MISSISSIPPI COMMISSION ON ENVIRONMENTAL QUALITY

Thursday, November 10, 2016

9:00 A.M.

Room 104A

515 East Amite Street

Jackson, Mississippi 39201

AGENDA

1. **Call to Order - Chair**
2. **Approval of Minutes of August 25, 2016 Meeting**
3. **Titan International, Inc. and The City of Natchez-Natchez, Adams County**

Pursuant to the Commission's delegation regulations (11 Miss. Admin. Code Pt. 1, R.1.1.Y.), the Executive Director of MDEQ approved the Environmental Covenant between the Commission and the City of Natchez regarding the remediation of property located at 89 Kelly Street, Natchez, MS. The accompanying Restricted Use Agreed Order between the Commission, Titan International, Inc. and the City of Natchez was also approved by the Executive Director. Environmental Site Assessments have revealed a release of Trichloroethene and petroleum compounds impacting groundwater at concentrations in excess of Target Remediation Goals (TRGs). Therefore, remediation of the site is necessary. The staff of the MDEQ has evaluated the Environmental Covenant and Restricted Use Agreed Order and believes that, with the conditions and restrictions contained within, the site will comply with applicable State laws and standards and will be protective of the public health and the environment. This agenda item is for reporting purposes only.

4. **Commission Rescind Brownfield Agreement and Accompanying Environmental Covenant-Wal-Mart Real Estate Business Trust-Pascagoula, Jackson County**

During the June 23, 2016, Commission Meeting, the staff recommended the Commission approve the Brownfield Agreement between the Commission and Wal-Mart Real Estate Business Trust regarding the remediation of brownfield property located in the southwest quadrant of the Communny Avenue and Market Street intersection in Pascagoula, Mississippi. The administrative record for this environmental response project is referred to as Estabrook Toyota. The Commission approved this request and the Brownfield Agreement Order Number 6661 16 was executed on June 23, 2016.

Wal-Mart Real Estate Business Trust has now requested that MDEQ rescind Brownfield Agreement Order Number 6661 16 because Wal-Mart Real Estate Business Trust no longer has an interest in the Estabrook Toyota property and does not plan to purchase the property. The staff of the MDEQ has evaluated the request to rescind the Brownfield Agreement Order and recommends that in accordance with applicable State laws and standards, Wal-Mart Real Estate Business Trust is not responsible for remediation of the petroleum related contaminants in the groundwater and soil. Staff recommends the Commission rescind Brownfield Agreement Order Number 6661 16 between MDEQ and Wal-Mart Real Estate Business Trust and the accompanying Environmental Covenant.

5. **Delegation of Commission's Authority to Executive Director**

Staff requests the Commission delegate its authority, pursuant to Miss. Code Ann. §§ 49-17-17 (n), (o), and 49-2-9 (1)(f), to apply for, receive, and expend any federal or state funds or contributions, gifts, devices, bequests, or funds from any other sources to the Executive Director.

6. **Adoption of amendments to 11 Mississippi Administrative Code, Part 2, Chapter 1, "Air Emission Regulations for the Prevention, Abatement, and Control of Air Contaminants" and a Revision to the Mississippi State Implementation Plan for the Control of Air Pollution**

The amendments to 11 Miss. Admin. Code, Pt. 2, Ch. 1, involve:

1. Amendments to Rule 1.10 and an associated Revision to the State Implementation Plan for Control of Air Pollution (SIP Revision) regarding startups, shutdowns, and/or malfunctions of air emissions equipment in order to comply with federal requirements of the U.S. Environmental Protection Agency. This action is a response to a USEPA SIP Call to address a Finding of Substantial Inadequacy with the existing SIP provisions for Upsets, Startups, and Shutdowns. The amendments and associated SIP Revision are intended to address state regulation inconsistencies with recent changes to USEPA policies for startup, shutdown, and malfunction events.

2. Amendments to Rules 1.6.C. and 1.8.A to update the state adoption, by reference, of recent amendments to Federal New Source Performance Standards (NSPS) in 40 CFR Part 60, Federal National Emission Standards for Hazardous Air Pollutants (NESHAP) in 40 CFR Parts 61 and 63, and Federal Consolidated Air Rules (CAR) in 40 CFR Part 65. This action will update the federal delegation to the state.

3. Deletion of Rule 1.14, “Provisions for the Clean Air Interstate Rule” (CAIR) since the federal provisions referenced in Rule 1.14. have been revoked and are no longer in effect.

A public hearing was held on September 16, 2016 following a 30-day public comment period. Commenters requested additional time to submit comments and the comment period was extended until October 6, 2016. Several comments were received. A copy of the public hearing transcript including all comments submitted has been provided. The staff will recommend that the Commission adopt the regulation amendments and SIP Revision.

7. FY 2018 Title V Fee Recommendation - Approval to Proceed to Public Notice of Hearing

A copy of the draft report containing the Title V Advisory Council's Title V fee recommendation for the upcoming fee year has been forwarded to the Commission. We are requesting approval to hold a public hearing to receive comments regarding the proposed fee and to proceed with public notice of the hearing. After the public hearing has been held, the public comment period has ended, and comments have been reviewed, staff will bring the fee recommendation back before the Commission for final action.

8. Asbestos Certifications

We have issued 386 asbestos certifications since the last report. This list will be available at the Commission meeting.

9. Lead Paint Certifications

We have issued 144 lead paint certifications since the last report. This list will be available at the Commission meeting.
