MISSISSIPPI COMMISSION ON ENVIRONMENTAL QUALITY

Thursday, December 11, 2025 9:00 A.M. Room 104A 515 East Amite Street Jackson, Mississippi 39201

AGENDA

1. Call to Order - Chair

2. Approval of September 25, 2025, Commission Meeting Minutes

3. Commission Approval of Brownfield Agreement Completion

The Commission approved Brownfield Agreement Order No. 7533-25 on July 24, 2025, between the Commission and JeffL, Inc., for the remediation of the former Agricultural Equipment Sales and Service site ("Site") located in Cleveland, Bolivar County, Mississippi. The original brownfield agreement required the remediation of Asbestos Containing Materials ("ACM") in excess of the Environmental Protection Agency's 1% ACM threshold. Remediation consisted of abatement and disposal of the ACM in accordance with MDEQ-approved methods and executing an Environmental Covenant to restrict groundwater and soils at the Site. The completed remedial activities have met the requirements of the MDEQ-approved Revision 1 – Proposal for Brownfield Cleanup Plan dated May 27, 2025. JeffL, Inc., has requested the Commission to make a determination as to the completion of the Brownfield Agreement. The staff at MDEQ has evaluated the Brownfield agreement completion and believes that the Site is in compliance with applicable State and Federal laws and standards and will be protective of public health and the environment. Therefore, the staff recommends completion of Brownfield Agreement Order No. 7533-25.

4. Title V Fee Recommendation for FY 2027 - Request to Conduct Public Notice Period

The Air Division is requesting the Commission's approval to proceed forward with conducting a 30-day public comment period for the FY 2027 Title V fee structure as recommended by the Title V Advisory Council.

5. Briefing to the Commission

Executive Director Chris Wells will provide an update to the Commission on the State Waters Alteration Program Proposed Draft Regulations.

6. MDEQ Business for Reporting Purposes Only

We have 1 business matter that is for reporting purposes only, requiring no action by the Commission. See **Attachment 1** at the end of this agenda.

7. Asbestos Certifications

Staff has issued 358 asbestos certifications since the last report. This list will be available at the Commission meeting.

8. Lead Paint Certifications

Staff has issued 157 lead paint certifications since the last report. This list will be available at the Commission meeting.

9. Underground Storage Tanks (UST) Certifications

Staff has issued 14 new certifications and 38 renewed certifications to those who install, alter, or remove underground storage tanks since the last report. This list will be available at the

Commission meeting.

10. Wastewater Operator Certifications

Staff has issued 15 new certifications and 35 renewed wastewater operator certifications since the last report. This list will be available at the Commission meeting.
